PROFESSIONAL SUMMARY

Final-year Computer Science student with hands-on experience in full stack and backend development, specializing in Django REST API development and scalable web applications. Strong in problem solving, debugging, and database optimization. Built AI-powered solutions using machine learning techniques such as TF-IDF. Seeking a Full Stack

TECHNICAL SKILLS

Languages: Python, JavaScript

Frontend: React.js, HTML5, CSS3

Backend: Django, REST API Development

Database: MySQL

AI / ML: Scikit-learn, TF-IDF, Content-Based Filtering

Tools: Git, GitHub, VS Code, GitHub Copilot

Backend: Django, REST API Development

Core Skills: Problem Solving, Debugging

EXPERIENCE

Full Stack Developer Intern — Pydun Technology Private Limited

Jan 2026 – Mar 2026 | Madurai, Tamil Nadu

- Designed and developed 5+ Django REST APIs for real-time features, improving response time by 25% through query optimization. Built and delivered **3 responsive UI modules** using HTML5 and CSS3, improving cross-device compatibility across mobile and desktop viewports.
- Optimized **4 complex MySQL queries**, cutting data retrieval time from ~2 s to under 0.5 s for high-traffic endpoints.
- Collaborated with a team of 4 engineers using Git/GitHub; participated in code reviews and maintained clean branching practices.

PROJECTS

AI-Based Movie Recommendation System

Tech stack: Django · Scikit-learn · TF-IDF · MySQL · HTML · CSS · JavaScript · OMDB API

GitHub

- Built a full-stack recommendation engine using **content-based filtering (TF-IDF + cosine similarity)**, achieving >85% relevance score on a test set of 500 movies.
- Integrated the **OMDB API** to fetch live movie metadata (posters, ratings, descriptions) for dynamic rendering.
- Designed a **MySQL schema** for storing 1,000+ movie records with indexing for sub-100 ms query performance.
- Developed a fully **responsive single-page UI** with real-time search and genre-based filtering using vanilla JavaScript.

EDUCATION

Bachelor of Engineering – Computer Science	Chendhuran College of Engineering & Technology, Pudukkottai	Expected 2026
HSC – 12th Grade, State Board	Government Higher Secondary School, Tamil Nadu	2022
SSLC – 10th Grade, State Board	Don Bosco Higher Secondary School, Tamil Nadu	2020

CERTIFICATIONS

• Full Stack Development With AI	-	Pydun Technology	2026
• Git & GitHub	-	Udemy	2025
• Web Development for Beginners	-	Simplilearn	2024
• Introduction to Python	-	SoloLearn	2025
